

17. KOSMOLOGIETAG

JUNE 1-2, 2023

ZIF | BIELEFELD UNIVERSITY

Overview Talks:

Fabian Schmidt (MPA, Garching)

New Approaches to Cosmology Inference from Galaxy Clustering

Jessica Turner (Durham)

Leptogenesis: An Overview from the Low to the High

Areas which we expect to cover include any aspect of cosmology, astroparticle physics and gravity, including theory, observation and experiment

Organized by Dietrich Bödeker, Isabel Oldengott and Dominik Schwarz

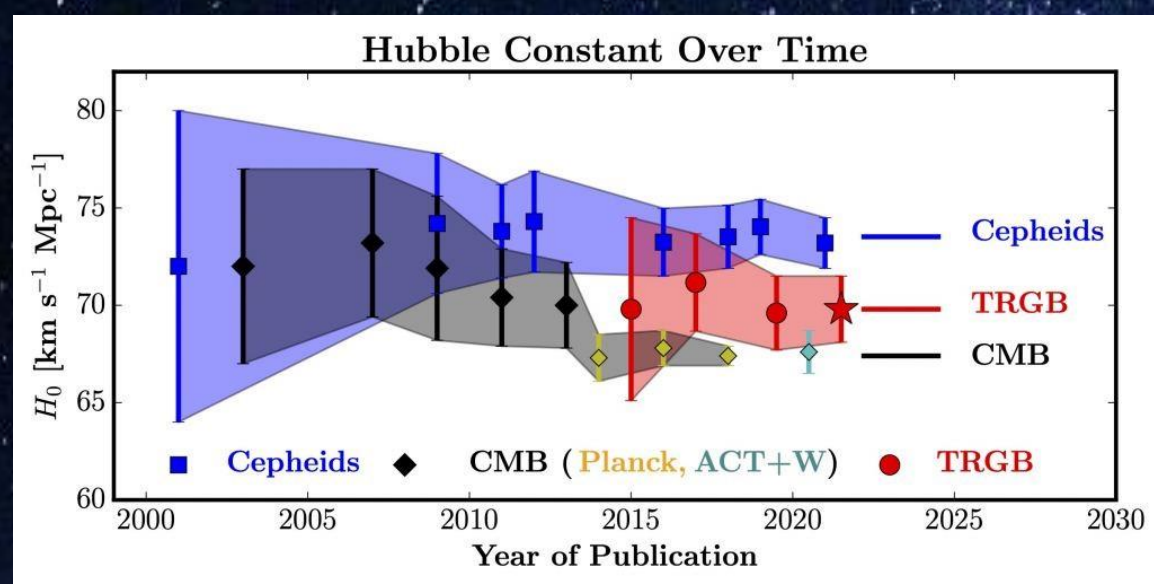

Image credit: Wendy Freedman, arXiv:2106.15656 (2021)
